 - (m) Illinois Administrative Code, Title 35, Subtitle G, Chapter I, Parts 700-739 and 807-849

Encl: (1) Hazardous Waste Management Plan - 2002 (on CD)

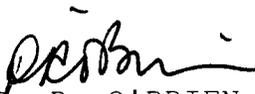

1. Cancellation. No current NTCGLAKESINST 5090 exists for Hazardous Waste Management. This instruction is new and should be reviewed in it's entirety.

2. Purpose. To promulgate and establish local procedures for managing the operation, maintenance, and programming for all current and future Hazardous Waste Disposal Operations located at all commands and activities within the Naval Station, Great Lakes Complex.

3. Background. Reference (a) requires Commanders/Commanding Officers to comply with United States Environmental Protection Agency (USEPA) regulations, as well as State and local environmental laws involving hazardous and special waste disposal at NTC Great Lakes. References (b) through (m) amplify requirements governing hazardous and special waste management and disposal.

4. Policy. NTC Great Lakes has the responsibility to actively protect and enhance the quality of the environment through adherence with all applicable regulatory requirements. This includes initiating actions to promote the prevention of soil and groundwater contamination and to ensure the safety and health of community from improper handling of hazardous and special wastes.

5. Action. Actions required by all NTC Great Lakes staff, component commands and tenant commands are detailed in enclosure (1).

D. R. O'BRIEN
Deputy Commander
