210105. Material Damage

1. Material damage is defined as damage to any part of the structure, equipment or articles of furniture in the compartment, and/or any item(s) broken, bent, cracked, missing, loose, malfunctioning or inoperative. If an item is secured, annotate "SECURED" on the MDCOL.
2. Repair damaged items as expeditiously as possible. List all material damage/discrepancies on the compartment Material

Damage Check-Off List (MDCOL) if immediate repair is not possible. Make a Division Deck Log entry for any material damage discovered until it can be placed on the MDCOL or repaired by the Damage Control Petty Officer or BMS.

3. MDCOL will list the Job Sequence Number (JSN), date and discrepancy (**Figure 2-1-1**). Each Division shall have four MDCOL holders posted in the forward compartment passageway, one each for the berthing, work-center, and head area (includes shower, drying room, forward hold, and washroom) and lounge. This list serves as an easy reference for the RDC, BMS, SLCPO, Ship's Officer and any inspection team coming into the compartment.
4. Log all discrepancies in the ship material damage log maintained by the BMS.
5. There is no maximum time limit on the life span of the MDCOL entry. Items listed on the MDCOL may be checked for validity and compliance with RTC instructions during evaluations. Permanent items missing from the compartment shall be listed on the MDCOL, but do not require a JSN (i.e. locker drawers and hooks).
6. Empty and disinfect inoperative commodes as best as possible. If a commode continues to refill, ensure that the MDCOL reflects as such. Cover with cardboard underneath the lid, taped down to commode bowl in an "X" pattern, ON THE TAPE put the word "SECURED" and "Date" (the date must match the MDCOL). Dress commodes lids in down position and remove toilet paper from appropriate stalls.
7. Any sink that is inoperative will be emptied and disinfected. Secure by placing tape in an "X" pattern across the sink, ON THE TAPE put the word "SECURED" and "Date" (the date must match the MDCOL).
8. Any urinal that is inoperative will be emptied and disinfected. Secure by placing tape in an "X" pattern across the urinal, ON THE TAPE put the word "SECURED" and "Date" (the date must match the MDCOL).

10. Damaged/broken washers and dryers shall be unplugged from outlet, door closed and a 3x5 card taped to door, labeled "SECURED" and the same date as the MDCOL.
11. A scuttlebutt that is inoperative will be unplugged and secured by placing tape in an "X" pattern across the top,

ON THE TAPE put the word "SECURED" and "Date" (the date must match the MDCOL).

02. Compartment Arrangement

210201. Bunk and Locker Arrangement

1. For differences in Integrated Divisions, see paragraph **210301**.
2. Each compartment normally contains 44 double bunks and 30 three-tier lockers. General arrangement for positioning bunks and lockers is shown in **Figure 2-1-3**.
3. Place the outboard legs of bunks, lockers and tables on the reference spots (1" diameter yellow spots painted on the deck are optional). These spots are provided for Recruits to rapidly arrange their bunks, lockers and tables uniformly, and are the only markings allowed on the deck of the compartment (shall not be visible when items are on spot).
4. Numbering System
 - a. All bunks, lockers and coat hooks are numbered using a four-digit code, which corresponds to those on the Watch, Quarter and Station Bill.
 - (1) The first two digits of a bunk and locker number identify the section assigned (1100, 1200, 1300, or 1400 section). The second pair of numbers identifies the bunk, locker or coat hook in that section.
 - (2) Bunks are numbered consecutively from forward to aft. Bottom bunks are odd numbered and top bunks are even numbered.
 - (3) Lockers are numbered consecutively from forward to aft, top locker being the lowest number. No other markings are allowed on the lockers.
 - (4) Coat hooks are located on the aft bulkhead of the compartment and are in billet number order from starboard to port. Hooks 1121 and 1221 will be painted red.
 - (5) Lockers and Hooks 1121 and 1221 are to be used by courtesy watches only and remain empty at all other times. These hooks will be painted red. No other markings are allowed.
5. Place dissimilar bunks and lockers in the 1400 sections of the compartment, starting at the aft most spot and working forward. If the 1400 section becomes full, continue with the 1300 section, working from the aft forward.

6. Assign Recruits to bunks in the following order:
 - a. Bunk 1101 is the reference bunk, and has the blanket positioned inboard. Make the top and bottom bunks so that the Recruits' heads are at opposite ends (head to toe).
 - (1) Make-Up the bunks on either side so that the heads are on opposite ends.
 - (2) Bunks 1102 and 1103 on the starboard side have the pillow (head) inboard. Bunks 1201 and 1204 on the port side have the head inboard. Use these as reference bunks.
 - b. Fill bunks consecutively from forward to aft, bottom to top, alternating from starboard to port until each recruit has been assigned a bunk.
 - (1) When a Division has an odd number of Recruits, assign the odd number recruit to the 1300 section so that the starboard side is heavy.
 - (2) Fill bunks vacated by ASMO'd Recruits by reveille the next day.
7. Non Integrated Divisions assign recruit petty officers to the following bunks:
 - a. 1101 RCPO
 - b. 1102 EPO
 - c. 1108 #4 SECTION LDR
 - d. 1116 #5 SECTION LDR
 - e. 1201 RMAA
 - f. 1202 YN
 - g. 1208 #1 SECTION LDR
 - h. 1216 #2 SECTION LDR
 - i. 1301 SWSL
 - j. 1310 #6 SECTION LDR
 - k. 1401 PWSL
 - l. 1410 #3 SECTION LDR
 - m. 1415 RLPO
8. If Division strength is reduced to the point where there are empty bunks between the Division body and the RLPO and aft most Section Leader, the RDC may move them forward in the compartment to the first empty bottom bunk on the appropriate side of the compartment. Update the Watch Quarter Station Bill (WQSB).

9. Arrange empty bunks as follows:

- a. Center the mattress on the bunk springs dressed to the inboard end of the rack.
- b. Center pillows on the mattress with the length of the pillow running forward and aft and the zipper end of the plastic pillow cover facing aft.
- c. Arrange empty personal drawers on its mattress, open end up, handle forward, "A" personal drawer on the inboard side of the mattress, and touching the pillow. If no pillow is present, center on the mattress leaving a space for a pillow as if it were present.
- d. Stow empty canteens with guard belts as per paragraph **231605.5**.
- e. When mattresses or pillows are missing and there is an odd number, place odd items in the 1300 section (starboard heavy).

Figure 2-1-2 "Empty Bunk Stow"

10. Furniture

- a. Arrange tables and chairs per **Figure 2-1-3**, 88 recruit set-up and the following guidelines:
 - (1) Center tables lengthwise along the compartment centerline and dress to the forward edge of frames 30, 50, 70 and 90. Place the outboard legs of the tables on the reference spots if provided.
 - (2) Place four chairs at each long table, two chairs at each short table. Uniformly place the chairs on the port and starboard sides of the table. Long tables, when accompanied by four chairs, will have two chairs dressed on the port and starboard sides.
 - (3) Reflect chair shortages starting with the aft table and working forward. 03. Compartment Arrangement for Integrated Divisions

210301. General Guidelines

1. For Non-Integrated see paragraph **210201**.
2. Integration of Divisions will be reflected on rosters as directed by Receiving Division. Each Division will be gender balanced based on numbers available. Each Division will have a corresponding integrated partner Division. Partner Divisions will share berthing compartments and will be on the same day of training. RDCs will select a RCPO and RLPO, one berthed in the primary compartment and one berthed in the secondary compartment. The Starboard Watch Section Leader will be selected from the primary compartment and the Port Watch Section Leader from the secondary compartment. Six section leaders and eight flag bearers will be selected in the same manner, half from the primary compartment and half from the secondary compartment.

210302. Compartment Configuration

1. Each Division will be assigned a berthing compartment, which will serve as their "Primary" compartment.

- a. The primary compartment is that compartment where the RDCs and Division will conduct business.
- b. Recruits will be berthed in either the primary compartment or the secondary compartment, depending on which is designated male or female.

210303. Bunk Assignments

1. Primary Division Recruits will fill bunks and lockers forward to aft and secondary Division Recruits will fill bunks and lockers aft to forward. This allows for ASMO fluctuation in the center of the compartment.
2. Recruit Division Staff bunk and locker assignments are made in the following manner.

a. Primary compartment

- (1) Recruits bunk in forward end of the compartment in following assignment (bunks 1101-1302 and 1201-1402):

- (a) 1101 RCPO/RLPO
- (b) 1102 EPO
- (c) 1108 SECTION LDR #
- (d) 1111 SWSL
- (e) 1116 SECTION LDR #
- (f) 1201 RMAA
- (g) 1202 YN
- (h) 1208 SECTION LDR #

b. Secondary compartment

- (1) Assign bunks beginning at the aft of the compartment and work forward (1324-1303 and 1424-1403):

- (a) 1314 SECTION LDR #
- (b) 1323 Assistant RMAA
- (c) 1324 Assistant YN
- (d) 1403 SECTION LDR #
- (e) 1411 PWSL
- (f) 1414 SECTION LDR #
- (g) 1423 RCPO/RLPO
- (h) 1424 Assistant EPO

210304. Compartment Arrangement

1. The WQSB and Bulletin Board will be maintained in both compartments.

2. The WQSB will be filled out with the names of the Recruits berthed in that compartment.
3. The Progress Chart for each compartment will reflect the Recruits assigned to the primary Division (both male and female Recruits).
4. When both Divisions are in the compartment (e.g. after Tattoo), the aft most table in the compartment will be considered the "FWD Table" for the secondary area of the compartment.

01. Bunk Make-Up Instructions

220101. Issue

1. Each recruit is issued a bedroll, which consists of two sheets, one pillowcase and one or two blankets (as seasonal temperatures dictate). If any item of the bedroll is lost, damaged or defaced through carelessness, refer the case to the SLCPO/SO for disposition. Bunks will be made prior to 0800. Bunks not made due to lack of linen must be logged in the deck log.

220102. Mattress

1. Center the mattress fore and aft on the springs. Dress the mattress to the inboard end of the bunk for both occupied and vacant bunks. Place odd shaped or damaged mattresses in the 1400 or 1300 sections of the compartment working from aft to forward. Center racks shall have the mattress centered and forward.

220103. Sheets

1. Lay the bottom sheet flat on the mattress catch hems down. Dress the bottom sheet to the bead at the foot end of the mattress. A tolerance of 1" between the mattress bead and the end of the sheet is permitted. Do not drape the sheet beyond the mattress bead.
 - a. Tuck the head end of the sheet under the mattress.
 - b. Tuck any excess material under the mattress.
 - c. Bring the material down from the top of the mattress and stretch it tight before tucking it between the mattress and spring.

 - b. Tightly stretch the remainder of the sheet and tuck it under the mattress forming a 45° angle on the side at the foot of the mattress.
3. Tuck excess material under the mattress.
4. The end result should be a bottom sheet with 45° angles at the head end of the mattress, and a top sheet with 45° angles at the foot end of the mattress.

220104. Pillow and Pillowcase

1. All pillows in the compartment are required to have a clean protective plastic cover. If dirty or soiled, wash as in house wash and hang dry in drying room, ensure proper deck log entries are made.
2. Turn pillowcase right side out. Place pillow inside the pillowcase (zipper side of the pillow cover towards the closed end of the pillowcase) against the side of the pillowcase, which does not have a seam, with the closed end filled with the pillow. No loose pillow case material is allowed on the side of the pillow, which does not have a seam.
3. Fold the corners of the open end of the pillowcase to form 45° angles. If the pillow is too large to form a 45° fold, the fold is not required.
4. Fold excess material at the open end of the pillow up and against the bulk of the pillow (no double fold).
5. Center and dress the pillow to the bulk of the mattress with the open end forward and the seam of the pillowcase toward the foot of the bunk.

 - f. Position on the bunk
2. Center the blanket on the mattress and dress to the bulk at the foot of the mattress. Single fold starboard and three folds forward.

370103. Baby Brigade

Talking to my daddy on his
dying bed,

With a smile on his face, this
is what he said:

When I came out of my mother's
womb,

I found myself in the delivery
room.

All wrinkled and wet I jumped
to the floor,
Cut the cord and crawled to the
door.

Dungaree diaper, black baby
shoes,

Butter knife cutlass, and baby
dress blues.

Humvee stroller, tricycle tank,
3 diaper pins on my collar for
rank.

Went down the hall heard some
crying like heck,

Walked right in and called
ATTENTION ON DECK!

Said, "Listen up Recruits I'm
in command."

"All your crying and your
sniveling I can't stand."

They said "Aye aye sir" and I
had it made.

I was CO of the baby brigade.

370104. Backwoods Johnny

It rained so hard that I
couldn't see.
Jumpmaster said you can depend

Pin my medals upon my chest,
And bury me in the leaning
rest.

Now I carry one on my back.
Mama, mama can't you see?
What the Navy's done to me?
After I passed the really hard
test...
They stuck a ribbon in my
chest.

370108. Captain Jack

Hay, hay Captain Jack,

Early one morning in the pouring rain.

Chief said it was time for pain.

Grab your shoes and follow me.

We jogged nine miles and then we ran three.

Chief is yelling follow me.

We jogged two miles and then we ran eight.

Everywhere we go,

People want to know,

Who we are.

So we tell them.

We're not the Army.

The back packin' Army.

We're not the Air Force.

The low flyin' Air Force.

We're not the Coast Guard.

They don't even work hard.

We're not the Marines.

They don't even look mean.

We are the Navy.

The mighty U.S. Navy.

The world's finest Navy.

Hoo-rah!

370113. F-14

F-14 rolling down the strip.

Tomcat driver gonna take a little trip.

370115. Haze Gray And Underway

Haze gray and underway,
What have you done for the Navy
today?
Has someone looked up to you?
And said that's what I want to
do!
Look in the mirror and what do
you see?
Are the Navy Core Values a
reflection of me?
We steam, we fly, we fight, we
win!
Tell me where you're going, not
where you've been!
Look in the mirror and what do
you see?
Are the Navy Core Values a
reflection of me?
Honor is a word we say!
But is it a value we're willing
to save?
Look in the mirror and what do
you see?
Are the Navy Core Values a
reflection of me?
Courage is a word of brave?

But are we willing to live that
way?

Look in the mirror and what do
you see?

Are the Navy Core Values a
reflection of me?

Commitment is a word we hear!

But is it a value that we hold
dear?

Look in the mirror and what do
you see?

Are the Navy Core Values a
reflection of me?

 Hey (Division #) I have a song.
 Sounds a lot better if you sing
 along.
 When we're waling, we strut our
 stuff.
 When we're running, we can't
 get enough.
 Standing tall and looking good.
 We oughtta be in Hollywood.
 Carrying our sea bags on our
 back.
 Locked and cocked, we're ready
 to attack.
 9-inch guns cleaned spick and
 span. Fire them into Iran.

370119. Let 'Em Blow, Let 'Em
 Blow,
 Let'em blow, Let'em blow,

 Hold your head and hold it
 high,
 ___ (Division number) is
 marching by!

Dress it right and cover down,
 40 inches all around,
 Six to the front and three to

 From the east to the west,
 The U.S. NAVY is the best!
 370120. Listen Up To What I Say
 Listen up to what I say,
 There's a war coming our way.
 No time to joke no time to
 play,
 Gotta get those ships underway.
 Listen up terrorists here's the
 deal,
 We're coming strong with
 American steel.
 We're bringing death and we
 don't mind.
 It's what we call payback time,
 'Cuz we're bringing death and a
 whole lot of danger.
 We're bringing ships and
 American anger.

370121. Mama, Mama, Can't You
 See
 Mama, Mama, can't you see.

 Hey, hey, hey, hey.
 Hey, hey, hey, hey.
 Wo, oh, wo, oh.
 Wo, oh, oh, oh.
 Mama, Mama, can't you see.

Hey, hey, hey, hey.
Hey, hey, hey, hey.
Wo, oh, wo, oh.
Wo, oh, oh, oh.
Mama, Mama, can't you see.
What the Navy's done to me.
Used to own a Chevrolet.
Now I'm drawing Navy pay.
Hey, hey, hey, hey.
Hey, hey, hey, hey.
Wo, oh, wo, oh.
Wo, oh, oh, oh.
Ooh, Aah, (Division #)
Smooth sailing!

370122. Medal Of Honor

Five white stars on a blue
background,
Medal of Honor just to wear
around.
In 1900, at the Peking Wall,
Private Dan Daly answered the
call,
At the rebellion he took the
lead,
And by himself he did the deed.
In 1914, he won one more,
Fighting the Haitians just to
settle a score,
Gunnery Sergeant Daly passed
the test,
He captured and destroyed a
machine gun nest.
Five white stars on a blue
background,
Medal of Honor just to wear
around.
Butler and Daly each won two,
Making history for me and you,
As fighting Marines they took
control,
They fought the enemy blow by
blow.
Pappy won one in '43,
Splashing zeroes in the sea,
But, Chesty Puller was the
best,
He wore five Navy Crosses upon
his chest.

Iron Cross on a blue
background,
Five Navy Crosses just to wear
around.

370123. My Grandpa

My grandpa was a big Marine,
He wore the colors of the Recon
green.
He ate his steaks eight inches
thick.
And he picked his teeth with a
Guidon stick.
But my grandma was an RDC,
She wore the pants in that
family.

370124. Navy Cadence

370125. Navy Pride

Navy pride and Navy strength,
Never let the ship sink.
Ensign flying through the wind,
(Division #) through thick and
thin.
We've been here for so long.
Everyday the same old song.
Blue and Gold in our veins,
We don't even feel the pain.
Oh oh oh oh oh
Hey hey hey hey hey
Off the bus and on inside,
To building 1405.
Get your chit books, stamps,
and hat,
Put your sea bag on your back.

Finally got our first flag,
They let us empty our sea bag.
Stencil this and stencil that.
Taps taps get in your rack.

(Graduation Date) here we
come.

Our Navy life has just begun.

(Division #) is almost done,
Memories they still live on.

370126. Navy Pt

Early one morning in the

Navy PT sure is great!

370127. One Morning Before Pt

There are three things that I
want to see.
Push-ups, sit-ups, and a two-

We'll do it all day just for
fun.
Up in the morning at the crack
of dawn,
A few more minutes and we'll be
done.
PT uniform is squared away.
No we're ready to start our
day.
Running on the track or running
on the road,
Running every day is a healthy
load.
When I'm in the middle of a
run,
I count the miles that I have
done.
Navy Sailors run the best.

Better by far than all the
rest.
Sweating up a storm is the only
way.

The Navy is where I'll stay.

370132. Running Through The
Jungle

Running through the jungle,
It's hot and it's dry.
Can't stop running,
For to stop is to die.
When out jumped a cobra,
He was looking at me.
He said, you want to be a
Sailor,
You gotta go through me.
So I grabbed that cobra,
And I stabbed him twice.
And I had that cobra,
For dinner that night.

370133. Saw An Old Lady

Saw an old lady walking down
the street,
With a sea bag on her back and
boots on her feet.
I said hey lady, where you
going to?
She said I'm going to be a
Sailor too.
I said hey lady, ain't you been
told?
Navy boot camp is for the brave
and the bold.
She said hey Sailor I'll do
just fine.
I maxed out PT and I'm 99.

370134. Superman

Superman may be the man of steel,
But he ain't no match for a Navy SEAL.
Now Chief and sup they got in a fight.
Chief hit him in the head with some kryptonite.
Sup fell down on his knees in pain.
Now the Chief's dating Louis Lane.
Singing Hoo-Rah Hoo-Rah Hey!
Hoo-Rah Running day!
Singing Hoo-Rah Hoo-Rah Hey!
Just another PT day!
Well I've got a dog and his name is blue.
And blue want to be a SEAL too...
So I bought him a mask and four little fins.
I took him to the ocean and I threw his butt in.
Blue came back to my surprise.
With a shark in his teeth and gleam in his eyes.
Singing Hoo-Rah Hoo-Rah Hey!
Hoo-Rah Running day!
Singing Hoo-Rah Hoo-Rah Hey!
Just another PT day!

370135. The Cowboy

Hey, Hey what do you say,
I'm going to the rodeo today.
I drew a bad bull, heard he was a bear,
But I can hang for 8, so I just don't care.
Tie up, bear down, sittin' on my bull,
I'm just waitin' for the gate to pull.
Out from the chute blows my old ride,
It's a wonder that I'm still alive.
Quick, turn around and what do I see?

That old bull comes a-chargin' at me.
I pull a cut-down 12-gauge from my hip,
And send that bull on a little trip.
I'm the meanest cowboy that you ever did see,
I joined the U.S. Navy!

370136. The Finest Navy

Hey Army.
What are you doing?
Get in your tanks and follow me.
I'm in the U.S. Navy.

The blue and gold Navy.
The United States Navy.
The Finest Navy.
Give me that good old Navy spirit.
Give me that good old Navy spirit.
Give me that good old Navy spirit.
Cause it's good enough for me.
If it's good for Admiral Green (use chain of command).
If it's good for Captain Whitehead (use chain of command).
If it's good for Petty Officer (use RDC).
It's good enough for ME!

370137. There's A Place

There's a place where Sailors
 are made.
 Yelling and running every day.
 Mean RDCs make fighting
 machines.
 They take your children and
 make them mean.
 Up in the morning in the
 drizzling rain.
 Run 'em all day till they feel
 pain.
 This is the place once forgot.
 Where the snow is deep and the
 sun is hot.
 Up in the morning at the break
 of day.
 Work 'em so hard, they never
 play.
 Running in the winter when the
 sun doesn't shine.
 All they do is double time.

370138. They Say That In The
 Navy

They say that in the Navy.
 The coffee is mighty fine.
 It looks like muddy water
 And taste like turpentine.
 Oh Lord I want to go.
 But they won't let me go.
 Home, hey!
 They say that in the Navy.
 The chicken is mighty fine.
 One jumped on the table.
 And started double time.
 Oh Lord I want to go.
 But they won't let me go.

Home, hey!
 They say that in the Navy.
 The pay is mighty fine.
 They give you hundred dollars.
 And take back ninety nine.
 Oh Lord I want to go.
 But they won't let me go.
 Home, hey!
 Ooh, Aah, ___ (Division #)
 Smooth sailing!
 370139. Top Secret Mission
 Top-secret mission in
 Afghanistan.
 To hunt Al Qaeda and the
 Taliban.
 We chased them to the border of
 Pakistan.
 Killing as many as we can.
 They made it to the border they
 started digging in.
 They actually thought they were
 gonna win.
 Then up in the sky towards the
 sun,
 There were B-52's on a bombing
 run.
 Incoming ordnance be advised,
 Should have seen the look on
 their eyes.
 Rounds hit the target fire for
 effect.
 When the smoke cleared there
 was no one left.
 We served them death and it
 serves them right 'Cause
 there's no such thing as a fair
 fight.
 370140. Up From A Sub
 Out in the sky in the middle of
 the night,
 When we hit the deck we're
 ready to fight.
 Up from a sub 60 feet below,
 We scuba to the surface and

 We're gonna back stoke, side
 stroke, swim to shore.

01. Scoring Criteria

470101. Calculating Division's phase scores

1. To calculate MCA phase score use the following formula:
 - a. $((\text{MCA STAR AVG}) + (\text{DRILL}) + (\text{PT-1}) + (\text{TEST 1}) + (\text{TEST 2}) - (\text{TOTAL C/H} + \text{TOTAL S/H} * .125)) \div 5$
2. To calculate FEP phase score use the following formula:
 - a. $((\text{FEP STAR AVG}) + (\text{DRILL}) + (\text{PT-2}) + (\text{TEST 3}) + (\text{B/S}) - (\text{TOTAL C/H} + \text{TOTAL S/H} * .175)) \div 5$
3. The following rules will apply when calculating Division scores:
 - a. Scores will be rounded in three digits (i.e. 4.22, 3.91, etc.).
 - b. The third digit will be rounded as follows:
 - (1) If the fourth number is five or greater, round the third digit up
 - (2) If the third digit is four or less rounding does not apply (4.216 rounded to 4.22, 3.995 rounded to 4.00, 3.994 rounded to 3.99).
 - c. 900 Divisions will not use DRILL score in the formula for FEP phase of training score (use 4 as the divisor when calculating score).

470102. Overall Division Average

1. Overall Division average will be calculated by using the following formula:
 - a. $((\text{MCA PHASE AVERAGE}) + (\text{FEP PHASE AVERAGE})) \div 2$
2. The Divisions official final score will be determined and posted by FTT, the Wednesday prior to Pass-and-Review.
 - a. ALL compartment and street hits received after the flag sheet is posted will be counted as FEP hits (.175) and count against the Division's final average until day of departure.
 - b. If the Divisions average drops below the minimum average for the final award flag earned, then the Division will lose that award flag. The score of record will be the Division's score calculated on day of departure.

02. Graduation Award Flags

470201. Battle "E" Award Flag Requirements

470204. Gold/Blue Pennant

1. The Division with the highest overall final average in their grad group will be awarded the Gold Pennant.

2. The Division with the second highest overall final average in their grad group will be awarded the Blue Pennant.

3. There will only be one Gold and one Blue pennant awarded per Graduation group

4. In the case of tie scores, Tie breakers will be determined in the following order:

- a. FEP Phase average
- b. FEP STAR average

- c. FEP Drill Score
- d. PT-2 Divisional Score
- e. Test 3 Divisional Score

(1) If a tie still exists after all these criteria, the FTT LCPO will make the determination.

5. If a Division awarded the Gold/Blue Pennant subsequently receives an infraction lowering its final average and changing their ranking in the grad group, it will lose the pennant.

- a. The pennants will then be awarded to the new top two Divisions.
